The service provider shall provide, issue and add all replenishment of fluids/lubricants to include; engine oils, transmission, brake and hydraulic fluids, gear lubricants, and coolants that meet the standards set forth by Suzuki.

Engine oil to be used is only 100% synthetic oil type of recognized and well reputed brand. It is the responsibility of the contractor to provide the oil and make sure that there is always enough quantity kept in stock to serve all SMWD vehicles.

IV. Obligation of Bidder/Contractor

Preventive Maintenance Service

Preventive maintenance is a term used to describe the performance of regularly scheduled maintenance procedures of a vehicle to prevent the possibility of malfunctions. SMWD will maintain all vehicles in the best possible operational conditions. This will be accomplished by adhering to and/or exceeding the manufacturer's recommended minimum maintenance requirements.

Preventive maintenance is interval every **5,000 km** of distance travelled. Below are the inclusions:

Basic Engine Component

1. Inspect and correct or replace if necessary, camshaft timing belt every 100,000 km.
2. Replace valve lash (clearance) every 30,000 km.
3. Inspect drive belts every 45,000 km and replace if necessary, every 90,000 km.
4. Replace, change, or lubricate engine oil and engine oil filter for every 5,000 km.
5. Inspect and correct or replace if necessary, the exhaust system (except catalyst) every 30,000 km.
6. Replace engine coolant every 45,000 km.

Ignition System

1. Replace or change spark plugs every 45,000 km for unleaded fuel used; or every 30,000 km for leaded fuel use.

Fuel

1. Inspect and correct if necessary, Air cleaner filter element every every 15,000 km and replace every 45,000 km.

2. Inspect and correct or replace if necessary, fuel filter every 60,000 km.
3. Inspect and correct or replace if necessary, fuel lines every 30,000 km.
4. Inspect and correct or replace if necessary, fuel tank every 45,000 km.

Emission Control System

1. Inspect and correct or replace if necessary, the crankcase ventilation hoses and connection every 30,000 km.
2. Inspect and adjust if necessary, PVC valve every 90,000 km for engines with oxygen and every 45,000 km for engines without oxygen sensor.
3. Inspect and correct or replace if necessary, fuel evaporative emission control system every 90,000 km for engines with oxygen sensor and every 45,000 for engines without oxygen sensor.

Chassis and Body

1. Inspect and correct or replace if necessary, clutch (if equipped) every 30,000 km.
2. Inspect and correct or replace if necessary, brake pads and discs (front) every 15,000 km.
3. Inspect and correct or replace if necessary, brake drums and shoes (rear) every 30,000 km
4. Inspect and correct or replace if necessary, brake pipes and hoses every 30,000 km.
5. Inspect and correct or replace if necessary, brake fluid every 30,000 km
6. Inspect and correct or replace if necessary, brake lever and cable first at 15,000 km only.
7. Inspect and correct or replace if necessary, tires every 15,000 km.
8. Inspect and correct or replace if necessary, wheel discs every 15,000 km.
9. Inspect and correct or replace if necessary, suspension system every 30,000 km.
10. Inspect and correct or replace if necessary, propeller shaft every 45,000 km.
11. Inspect and correct or replace if necessary, manual transmission oil first at 15,000 km and replace every 45,000 km.
12. Inspect and correct or replace if necessary, differential oil first at 15,000 km and every 45,000 km.
13. Inspect automatic transmission fluid level every 30,000 km. Change fluid every 165,000 km and inspect, correct or replace if necessary, fluid hose every 60,000 km.
14. Inspect and correct or replace if necessary, steering system every 30,000 km.
15. Inspect and correct or replace if necessary, all latches, hinges and locks every 30,000 km.
16. Inspect and correct or replace if necessary, power steering (if equipped) every 15,000 km.

Corrective Maintenance

The SMWD transport personnel will send the service vehicle to the Service Provider with the Service Repair Request Form (SRRF) to estimate the cost of repairs to be done, parts to be replaced and the cost of labor. The Service Provider will then issue a quotation for the cost of labor and materials for the said repair/maintenance of the service vehicle. The recommended repair and cost estimate will then be submitted to the SMWD authorized representative for approval. The approved Repair Request Form shall serve as an authorization to execute the recommended repair.

Additional repairs or replacement of parts may be allowed provided that such additional was approved by SMWD authorized personnel.

The SMWD will provide list of personnel who are authorized to administer and process the repair of the service vehicles.

V. Minimum Requirements for the Bidder

Firm/Corporation

- Department of Trade and Industry (DTI) or Security Exchange Commission (SEC) Registration Certificate.
- Mayor's Permit
- BIR Certificate of Registration
- PhilGeps Registration and Membership
- Omnibus Sworn Affidavit

Manpower Requirement

The service provider shall ensure that employees or his/her service crew have the technical know-how and capability to do the job required by the SMWD for the repairs and maintenance of service vehicles. The accountability of the service vehicle will be transferred to the Service Provider while it was on their possession during the period of repair so trustworthy, reliable and dependable crews/employees are expected from the Service Provider.

Manpower/Equipment Requirement

The Service Provider must have a professional welding services or equipment. Alignment and tire pressure equipment with reprogrammable capability. Coolant and transmission flush machines must be available. It must also have a brake fluid replacement system, full service and overhaul equipment as well.

Additional Requirements of Service Provider

- The service provider shall be an authorized dealer of Suzuki and shall provide warranties for all services performed. One month or 30 days for workmanship and replacement of spare parts.
- The service provider shall provide genuine Suzuki service parts for all categories for services, shall have capacity for body and fender works.
- The service provider shall provide maintenance services in line with the maintenance intervals prescribed by the manufacturer.
- The service provider shall only provide services only upon receipt of authorized Service Request Form from SMWD (*See attached Form*).
- The service provider shall provide invoice for all services (spare parts and labor).
